

SHUBHANSHU DHAWAN

Gurugram, Haryana, India | +91-9198090003 | shubhanshudhawan2810@gmail.com

SUMMARY

MCA graduate and aspiring Full Stack Developer with hands-on experience in developing responsive web applications using Java, HTML5, CSS3, JavaScript, and MySQL. Skilled in frontend development, backend integration, database management, and RESTful application workflows. Strong understanding of Data Structures & Algorithms, OOP, DBMS, and SDLC. Passionate about building scalable web solutions and eager to contribute to innovative software development projects while continuously enhancing technical expertise.

EDUCATION

- **Master of Computer Application (MCA)**
Dr. A.P.J Abdul Kalam Technical University - Axis Business School | 2025
- **Bachelor of Computer Application (BCA)**
Chhatrapati Shahuji Maharaj University – Axis Institute of Higher Education | 2023

PROJECTS

Online Examination System | Java, PHP, HTML, CSS, MySQL

- Developed responsive web application using MVC architecture and MySQL backend.
- Implemented secure login authentication and session management.
- Optimized SQL queries and managed structured relational database for 100+ records.
- Integrated frontend and backend modules for smooth data handling and workflow management.

College Event Management System | Java, HTML, CSS, MySQL

- Built full-stack web application using Java and MySQL.
- Implemented form validation, CRUD operations, and dynamic data rendering.
- Integrated frontend with backend for real-time data updates.
- Designed normalized database schema for efficient performance.

Resume Builder (Web App) | HTML5, CSS3, JavaScript

- Developed interactive resume generator using HTML, CSS, and JavaScript.
- Implemented real-time DOM manipulation and dynamic preview functionality.
- Designed fully responsive UI using modern CSS techniques

Personal Portfolio Website

- Designed and developed a personal portfolio website using HTML5, CSS3, and JavaScript, showcasing technical expertise and creative expression.

TECHNICAL PROFICIENCIES

- **Backend:** Java, Python, Node.js, C, C++
- **Frontend:** HTML5, CSS3, JavaScript, Responsive Design, DOM Manipulation, Form Validation
- **Database:** MySQL, Relational Databases
- **Tools:** VS Code, IntelliJ IDEA, NetBeans, GitHub, REST APIs
- **Core Concepts:** Data Structures & Algorithms, OOP, CRUD Operations, MVC (Basic), Eagerness to Learn
- **Reporting Tools:** MS Excel (Pivot Tables, Formulas), Power BI (Basic)
- **AI Productivity Tools:** ChatGPT, Gamma, Google Gemini, Claude, GitHub Copilot (Code Assistance, Debugging Support, Documentation Generation, Presentation)

CERTIFICATIONS

- **Computer Network:** Completed hands-on training in computer networking fundamentals, including TCP/IP, LAN/WAN, routing, switching, and basic network troubleshooting.
